

HOW TO DO SPACE AGE WORK WITH A STONE AGE BRAIN™ SERIES

Save an Hour a Day by Overcoming e-mail Overload

The Organizer Extraordinaire, Eve Abbott, shares new discoveries about the human brain so your team gets better results, with less stress. Ms. Abbott's interactive program is loaded with proven tips so your team saves an hour a day to put back into e-mails, phone calls and just plain work!

"I've always thought I was organized - until I came to this event. The 'task folder' tip alone will be of great help!" **Mary Anne Wood, Manager, Safeway, Inc.**

Join the Organizer Extraordinaire for a Personal Performance Tune Up:

- Master e-mail tips that will *save you an hour a day*: so you invest more time in keeping your customers (and boss!) happy.
- Discover your personal best brain-style (Visual, Auditory & Kinetic) and reduce visual and mental fatigue (*and mistakes*) while computing.
- Get a real edge up on brain-based misunderstandings in all your business communications, especially e-mail.

Ms. Abbott's clients range from S. C. Johnson & Son, Inc. to Hewlett Packard and include Nixon Peabody, LLP and Bank of America as well as countless professionals.

Contact Ms. Abbott when you are ready for each team member to save 20 hours a month -- time they put back into their jobs. You don't spend more on technology and they don't work longer days!

About Eve Abbott, Author, Speaker and People Productivity Expert

Since 1988, Eve Abbott has pioneered in developing brain-based productivity systems for executives, managers and business owners. Teams learn how to work together at least 25% more productively through her lively programs and hands-on consultations.

Ms. Abbott is the author of, *How to Do Space Age Work with a Stone Age Brain™*. She earned her degree in Sociology and Psychology from the University of California and holds a Lifetime Adult Teaching Credential. The Organizer Extraordinaire is a popular guest on TV and Radio as well as a BusinessWise columnist for nationwide Business Journals, and appears in The New York Times articles.
